## Drilling Of Shallow Observation Bore

Melbourne Waters contractors will be drilling an observation bore at the Gladesville Boulevard Pump Station site on Thursday, 27<sup>th</sup> October 2011

The drilling will have no impact on surrounding residents as we are only drilling a shallow observation bore. It is expected that it will only take one day to complete these works, and they will be carried out between the hours of 8am – 4.30 pm

While works are in progress, please stay clear of all machinery and equipment. The area will be a work site while these works are in progress.

Thank you for your co-operation.

Call Alan Clements on 8770 8782 or 0418 390430 for any further information about this project.

Or call Melbourne Water on 131 722 or visit [melbournewater.com.au/pattersonlakes](http://melbournewater.com.au/pattersonlakes) for general information about other projects to secure a sustainable water future.
