Flood Management & Drainage Strategy
Melbourne Water
P O Box 4342
MELBOURNE VIC. 3001

Attn: Mr Bruce Rush

Dear Bruce,

Attached is Wyndham's submission to the Discussion Paper circulated in early February 2007.

You are to be congratulated on the excellent work done to date on this important project. The Discussion Paper lays the foundation for a better future, with less risks from flood events in the Port Phillip and Westernport Catchment.

For further information on any aspect of the submission, please contact me on phone 9742.0835.

Yours faithfully,

MAURICE STABB
DIRECTOR INFRASTRUCTURE
