

Endorsement and Implementation Governance:

Flood Management Strategy – Port Phillip and Westernport

The *Flood Management Strategy – Port Phillip and Westernport* was completed in 2015. The strategy sets out a vision and objectives for the region, and reflects the activities undertaken by a wide range of organisations. Implementation is now underway, overseen by a dedicated governance committee.

Endorsing the strategy

Organisations working on all aspects of flood prevention, preparation, response and recovery are invited to endorse the strategy vision, objectives and direction. Endorsing organisations agree to work together in a collaborative and integrated way to deliver on the strategy and ensure effective flood management across the region. To date, 27 organisations participating in flood and water management have endorsed the strategy.

Endorsing organisations at October 2016

Banyule City Council	Emergency Management Victoria
Baw Baw Shire Council	Hobsons Bay City Council
Bayside City Council	Knox City Council
