Dear [salutation]

Submission No: MRFR-[insert – submitter no]

I write on behalf of the Independent Review Panel appointed by Melbourne Water to undertake an independent review of the Maribyrnong River Flood Event which occurred in October 2022. The Independent Panel has recently been constituted with Hon G Tony Pagone AM KC as its Chair. I have been appointed as the Panel Administrator and can be contacted on admin@independentreviewpanel.onmicrosoft.com.

The Panel members have commenced their work including the review of the submissions which were made before their appointment. Your submission is amongst those which the members of the Panel have been considering together with other material. The Terms of Reference set out a method and timing which contemplated some public and expert sessions which are now planned to be held in the week commencing 17 July. It will not be possible to hear from all who have made submissions, but I write at this stage to ask whether you wish to be considered amongst those who might be asked to appear before the panel and whether you wish to add anything to the submission which you have previously made.

Kind regards

Wendy Dark
