

Mount Waverley Water Main Renewal Project

Night works - Safety barriers movement

We will be conducting barrier movement around our work areas as the project progresses Eastwards.

To safely do this we will have to conduct a full road closure on High Street Road between Baringa Street and Inverell Avenue, Mount Waverley. This work needs to be done out of hours when traffic movement is at its' lowest.

When: Thursday 07 March and Friday 08 March 2024

Time: 10pm – 5am (overnight works on both dates)

Figure 1: Work area for barrier movement and installation

What can you expect.

- Traffic management will be in place to assist motorists, cyclists and pedestrians around the area.
- Footpaths will remain open with detours. Driveway access will be maintained for High Street Road residents.

28 February 2023

- c. Noise from construction equipment, construction activities and large vehicles.
- d. Bright lights will be used during night works. Where possible, lights will be directed away from neighbouring property windows.
- e. Changes to the way you travel. Do allocate extra travel time during the period.
- f. Access for emergency service vehicles will be maintained at all times during these works.

Route 734 bus stops

To ensure the safety of commuters, bus stops within the work site area will close until it is safe to re-open. Please use neighbouring bus stops during this time.
