

# Living Rivers Pre-Application Checklist

		Confirmed?
Eligibility	Will the project be undertaken by an individual council or group of councils within Melbourne Water's service area?	
	If an asset is created through the project, will it be owned and maintained by council?	
	Will the project deliver improved stormwater quality and/or reduce stormwater quantity?	
	Does the project have matching council funding to us on a 50:50 minimum basis, and no more than 20% in-kind?	
	Will Council lead and deliver the project using internal staff and resources?	
	Is the total funding amount for the overall project sought from Melbourne Water equal or less than \$300,000?	
Key Application Information	Have the stormwater quality improvement components of the project been identified and costed in terms of council, Melbourne Water (proposed) and other funder contributions?	
	Have the stages of the project been established and the risks identified?	
	For capital works projects, has a MUSIC model or equivalent been constructed to demonstrate the proposed stormwater treatment?	
Review	Have you contacted your regional coordinator to discuss the project?	
	Have you filled out the online application form and attached supporting documentation?
